Baby was received in late February, removed the packaging check one by one, I feel okay. Not use Macro joints, try again later. It is still possible to try a head, a little bit of focus. (May forget to close the aperture files?) Get charging treasure okay, that is inside the headset does not work well. Get a tripod is not entirely satisfy lovers brigade beat it, you need to buy another. Overall, the entry-level machine in the yard can be a flip-screen high emotional points?
